

EXAMINATION RESULTS 2023-24

I would like to congratulate all our students on their results in 2024. I was very pleased to see students' hard work pay off with some excellent results. There was much celebration as students achieved their places in our Sixth Form, colleges, apprenticeships and university. As ever, results days are emotional for staff, parents and carers who are aware of the efforts and struggles that have gone into achieving the results. I would like to thank all parents and carers for their support in achieving these results. I wish all our students every success as they embark on the next stage of their educational journey.

Our Assistant Headteacher and Head of Key Stage 4, James Dollery writes: I am absolutely delighted at the results our Year 11 students have achieved. Students' grades demonstrate their resilience, ambition and versatility in the face of the adversity, caused by pandemic related disruption to their education. These grades are the result of a fantastic combined effort and I would like to thank all members of our community who have so ably contributed. Like Furze Platt Senior School staff, I hope that our students and their families are delighted with their achievements. These results offer students entry into the next stage of their educational journey. We will welcome the majority of our Year 11 students back to Furze Platt Senior School Sixth Form in September and we look forward to seeing their continued success. For other students progressing to apprenticeships and colleges, we send them every best wishes as they focus on new goals and ambitions.

Dr. A Morrison, Headteacher
